LAHAINA LINES.

A letter has been received from Brig, Gen. Alfred A. Woodhull, U. S. A., who is at Princeton, N. J. He writes as follows:

"In 1823 the party of the Rev. Charles Stewart, the first American Twenteeth, Kaupo. mission on Maui, commenced work at Labaina. With them was a very devoted colored woman, of mixed blood, who opened the first school for the common people-probably the first of its kind in any of the islands. It was the very beginning of that general system of education which Pala has been so cuccessfully carried on in Hawaii. This woman, Betty Stockton, was born in this place (Princeton;) and after a long life of about forty years ago. It is the desire of a few surving citizens, who held her character in high esteem, to erect on the spot a modest memorial in the form of a mural tablet ' This matter has been referred to Principal MacDonald, of the Lahainluna School.
